Expert assessment interview guide (Contestable Camera Cars)

1. Welcome
2. Introductions
3. About Kars's PhD project
   - Contestable AI in local government
   - Value change
   - Design knowledge
   - Practice based
4. Explain study approach and the purpose of the video prototype
   - Examples and guidance for framework we created
   - Speculative video prototype that illustrates ideas
   - Semi-structured interviews with civil servants about pathways towards contestable AI
5. Overview of this session (see below)
6. Ask to start recording
7. START RECORDING
8. Record verbal consent
9. Show the assessment form
10. Show the rough cut of the video prototype exactly once
11. Fill out the assessment form together
12. Open-ended discussion: What can be improved about our study approach, and the video prototype itself? (Possibility of re-watching parts of video exists here.)
13. Any final question and comments
14. STOP RECORDING
15. Thanks
16. End
17. Send informed consent form and information sheet for signing
