

FEEDBACK REPORT

Idea title:

Feedback is for team:

We think this is good about the ideal

The usefulness is good

We think this could be better.

I think you could make compact
Because ...
it could be hard to carry

Our how-question.

How can you make sure you can squeeze out all the water

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

FEEDBACK REPORT

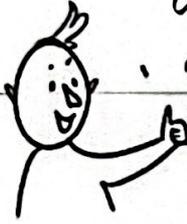

Idea title:

Feedback is for team:

Feedback is from team:

We think this is good about the ideal

it's creative because
you shoe can't untie

We think this could be better.

Because ... you can elaborate
on the zipper

Our how-question.

How can you put the pinecone on the
shoe?

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

FEEDBACK REPORT

Idea title:
The dry tent
Feedback is for team:

Feedback is from team:

We think this is good about the ideal

It's a really good idea and it's based on the Spiral tree.

We think this could be better.

- Foldable buckets?
 - The buckets could overflow
 - The buckets aren't big enough
 - What if it was raining a lot?
- Because ...

Our how-question.

How can you ... improve the buckets?

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

FEEDBACK REPORT

Idea title:

TREElight

Feedback is for team:

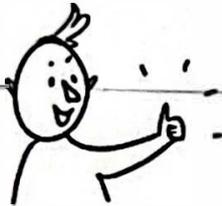

ecostudy & treebinc

Feedback is from team:

ecostudy

We think this is good about the idea!

it is sleek

We think this could be better.

portability

Because ...

it has to be large to be effective

Our how-question.

How can you make it sold?

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

FEEDBACK REPORT

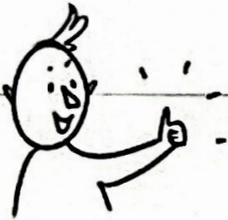

Idea title:
eco study

Feedback is for team:
eco study

Feedback is from team:
wendy treebinc

We think this is good about the ideal

it is complex

We think this could be better.

Because ... no smoke usage

Our how-question.

How can you use NO SMOKE?
extra questions) ~~How will you test~~ what's the price

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

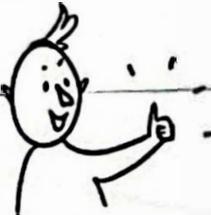

FEEDBACK REPORT

Idea title:
non slip grip shoes
Feedback is for team:

Feedback is from team:

We think this is good about the idea!

its very creative because its
very multi use

We think this could be better.

Because... the leafes could break with
Heavy rain

Our how-question.

How can you make it better so it light

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

FEEDBACK REPORT

Idea title:

_____ Agua dog _____

Feedback is for team:

_____ Hava team _____

We think this is good about the idea!

It is for making children less homesick

We think this could be better.

- you could make similar things
for adults (like a bag)

Because... it would sell more

Our how-question.

How can you ... (Save the water?
(use the water that falls off))

We think this might be a solution!
(Write/draw the solution on the back of the paper!)

FEEDBACK REPORT

We think this is good about the ideal

It is weather resistant and collects the water for later use, it is camouflage

We think this could be better.

- Storing the water or creating the entrance weather resistant too
Because ... this could make the design safer

Our how-question.

How can you elaborate on the buckets?

We think this might be a solution!
(Write/draw the solution on the back of the paper!)
