

Description of the data in this data set

The questionnaire adopted a 5-point Likert scale, which included constructs such as hierarchical governance, contract governance, trust, Contractor Behavior, and control variables.

The meaning of the labels:

SC = Strategic control

FC = financial control

PC = personnel control

GI = group interdependence

SI = social interaction

CG = contract governance

TR = trust

CPB = contractor perfunctory behaviour

CCB = contractor consummate behaviour

COP = previous cooperation

FPB = future business prospects."
